

CVFG presents Spinning Yarn Jam

A set of Saturday workshops
with Kimberly Radcliffe and Candy Hargett
October 12, 2019, Hollymead Fire Station

This fun workshop will offer two different sessions – a morning session and an afternoon session. Take the one you are most interested in or take them both for a full day of spinning excitement! You will learn a lot from these expert spinners!

The Workshop Details:

Saturday, Oct. 12, set up is at 8:30 a.m. Class participants will be limited to 15.

Morning session 9 a.m. – noon with Candy Hargett, Spin that Batt!

So, you bought a beautiful batt (or bag of rolags) now what? Examine the structure and materials of a batt to determine possible ways to spin it using woolen spinning techniques. Woolen techniques include everything from traditional woolen spinning to fully textured yarns.

Please bring your own batts or rolags. Additional materials will be available for purchase. Contact Candy with any questions at candy.hargett@gmail.com.

Note: All classes require that the student knows how to spin basic yarns and preferably how to ply.

Tools: Spinning wheel in good working order that student knows how to use, 3 bobbins (min), lazy kate, niddy nody. Students are always encouraged to bring fiber to use and for share table.

Lunch: Please bring your own lunch. There are some places nearby if you want to pick up – Bojangles, Which Wich, Dairy Queen, Subway, Five Guys, McDonalds, Panera and more.

Afternoon session 1– 4 p.m. with Kimberly Radcliffe, Worsted Yarn

Bring your favorite fibers and you'll work on different preps and spinning techniques for achieving even, consistent worsted yarn. Bring at least three different fibers that you love. Top is best, but even roving can be spun in a worsted style to give it a more worsted look and feel. Kimberly will bring some fiber just in case anyone needs any.

Tools: Spinning wheel in good working order. Make sure to bring all of the accessories to your wheel, at least three bobbins and a kate. E-spinners and spindles are fine, bring what you need to make a two-ply yarn. Please also bring regular hand cards and hand combs if you have them. Other helpful things... niddy nody and a light and dark lap cloth.

Kimberly will have both cards and combs and other miscellaneous supplies and small tools for use during class.

If you have any questions, please email Kimberly at thenaturalspinner@yahoo.com

Costs: Members: Each session will be \$35 or take both for \$65

Non-Members: Each session will be \$40 or take both for \$75

Please sign up for your workshop(s) You can register by using this link:

<https://cvfg.org/workshops-guild/spinning-yarn-jam-registration/>

You will have the option to pay with Pay Pal or mail a check. If you must cancel after September 15, refunds will be given at the discretion of the program chair. If you have any questions, please email programs@cvfg.org.
